Every Child Matters

Confidentiality Policy
Updated 24th April 2019

Statement of intent - It is our intention to respect the privacy of children and their parents and carers while ensuring that they access high quality early years care and education in our Preschool.

Aim - To ensure that all parents and carers can share their information in the confidence that it will only be used to enhance the welfare of their children.

Methods

We keep two kinds of records on children attending our Preschool:

- **Developmental records**
 - These include observations of children in the Preschool, samples of their work, summary developmental reports and records of achievement.
 - They are usually kept in the classroom and can be accessed, and contributed to by staff and the child's parents
- **Personal Records**
 - These include registration and admission forms, signed consents, and correspondence concerning the child or family, reports or minutes from meetings concerning the child from other agencies, an ongoing record of relevant contact with parents, and observations by staff on any confidential matter involving the child, such as developmental concerns or child protection matters.
 - These confidential records are stored in a lockable cabinet and are kept secure by the person in charge in an office or other suitably safe place.

Confidentiality Policy Updated 24th April 2019

- Parents have access, in accordance with the access to records procedure, to the files and records of their own children but do not have access to information about any other child.
- Staff will not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs. Staff induction includes an awareness of the importance of confidentiality in the role of the key person.
- Staff and trainees are required to sign confidentiality agreements.

Other Records

- Issues to do with the employment of staff, whether paid or unpaid, remain confidential to the people directly involved with making personnel decisions.
- Students working towards recognised qualifications and training, when they are observing in the Preschool, are advised of our confidentiality policy and required to respect it.

Access to personal records

Parents may request access to any records held on their child and family following the procedure below.

Confidentiality Policy
Updated 24th April 2019

- Any request to see the child's personal file by a parent or person with parental responsibility must be made in writing to the Preschool Manager.
- We make available to parents the Fair Processing notice, which references the Data Protection Act 1998.
- The Preschool commits to providing access within 14 days - although this may be extended.
- All third parties are written to, stating that a request for disclosure has been received and asking for their permission to disclose to the person requesting it. A copy of these letters are retained on the file
- 'Third parties' include all family members who may be referred to in the records and workers from any other agency, including social services, the health authority, etc. It is usual for agencies to refuse consent to disclose, preferring the individual to go directly to them.
- When all the consents/refusals to disclose have been received these are attached to the copy of the request letter.

A photocopy of the complete file is taken.

-
- The Preschool Manager will go through the file and remove any information which a third party has refused consent to disclose. This is usually done with a thick black marker to score through every reference to the third party and information they have added to the file.
- What remains is the information recorded by the Preschool, detailing the work initiated and followed by them in relation to confidential matters. This is called the 'clean copy'.
- The 'clean copy' is photocopied for the parents who are then invited in to discuss the contents. The file should never be given straight over, but should be gone through by the setting manager, so that it can be explained.
- Legal advice may be sought before sharing a file, especially where the parent has possible grounds for litigation against the Preschool or another (third party) agency.

All the undertakings above are subject to the paramount commitment of the Preschool, which is to the safety and well-being of the child. Please see also our policy on Safeguarding Children.
